1. According to local inhabitants the laboratory located on the former artillery range situated approximately midway between Blumau and Sollenau is used by the Soviets as a supply depot. No troops were seen in this area.

2. At Neuriss Hof, a farm N E of Blumau, two buildings are used as Soviet troop billets. Two trucks

and two motorcycles were parked nearby.

3. At Elumau eight buildings are used as Soviet billets. One sentry was seen under a rain shelter, service color not ascertained. Two trucks

were seen parked in Blumau.

4. Blumau inhabitants report that maneuvers were held by motorized troops not permanently stationed in the area, on approximately 15 March 1952 between 2300 and 0300 hours.

5. At Lechersdorf on 28 March 1952, approximately 30 soldiers wearing pink and black-red service colors and two officers wearing tank insignia boarded the train for Liener-Neustadt. A first lieutenant was seen at the Baden railroad station wearing black-blue service color and arms insignia as shown in the sketch below:
